

The Inspiration Station at Towers and Tales, Lismore Story Festival

Make your own Scroll

Watch the video to see how to make your scroll.

What you will need:

- Two sticks, a bit wider than your paper. Smooth straight sticks work best.
- A long piece of paper. Wrapping paper, wallpaper or brown paper rolls work well.
- Glue.
- String or ribbon.

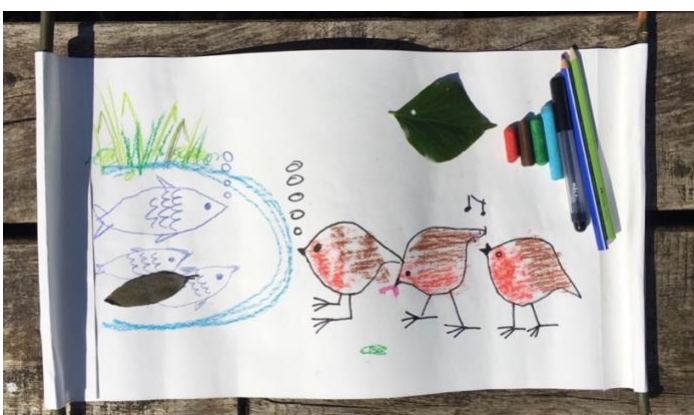

Scroll Leaf Picture

Collect a variety of leaves. What picture could you make from them?

Try a self-portrait - a picture of yourself made from leaves. Draw some features too.

Tie a ribbon or piece of string to the stick and hang it up!

Leaf Story Scroll

What you will need:

- A scroll and some leaves.
- Drawing materials – whatever you have. Pencils, biros, markers and crayons are all good.

What to do: Find a leaf that reminds you of a bird or animal. Draw around it and add details like an eye, beak or feet. Move the leaf around and draw it in different positions to make up a story.
